

# Year 1 Optional Home Learning Project

Autumn Term 2020

Welcome to our **optional** Home Learning project! The aim is to build on the skills that are your child's strengths and also to improve those areas where they may feel less confident. If your child completes just one activity within the project they will receive a certificate.

Work can be recorded in any format e.g. photo's, written document, recorded song, video. Any completed activities are to be uploaded onto Tapestry. We ask that your child **does not** bring any completed work into school to share. We will celebrate completed project work within class using the Interactive White Board to share uploaded project work. **HAND IN DATE: Monday 6th December 2020**
